

SALTSAVOR™

Salt Reduction Technology

Reduces sodium without sacrificing taste

Increases salt perception

Natural clean label flavor enhancer

Kosher available

Are your customers demanding healthier products with reduced salt? Need to create a low salt application that delivers the same great taste? SaltSavor™, INNOVA®'s proprietary salt reduction technology, achieves the needed salt enhancement while delivering on great taste. How? SaltSavor stimulates taste receptors on your tongue which increases salt perception in every application. Easy to use, SaltSavor allows you to reduce the salt level to meet your desired label claim. Try reducing salt in any soup, sauce, gravy, meat, marinade, snack and more. Save the salt and savor the flavor by calling INNOVA for the full details on SaltSavor.

GRAVY • SAUCES • SOUPS • SNACKS • MARINADES • SIDE DISHES • MEAT
